

## ROOSEVELT FINDS PEACE BEATS WEST

NEW JERSEY CROWDS REVELATION TO COLONEL.

Confirms Addresses to Broad Questions to Policy in National and State Government—Defends Proposal for Referendum.

Newark, N. J., May 23.—"I thought I'd had a middling lively time in the west but upon my word New Jersey beats it."

Colonel Roosevelt made this remark tonight as he stood upon the platform of the Roosevelt armory here and gazed upon the crowd before him. The people had been cheering for several minutes before he could get a word in. There were no seats on the main floor and several thousand persons closely wedged together while he spoke.

The rally came toward the close of the opening day of Colonel Roosevelt's New Jersey campaign. The colonel tonight vigorously defended his proposal for a referendum upon certain classes of judicial decisions and declared he was absolutely sure he was right upon that point. After his speech in the armory Colonel Roosevelt went to Military park where he found a huge crowd. He spoke for only a few minutes at the park as he was behind his schedule and was obliged to hurry to Jersey City.

Most of the day Colonel Roosevelt spent in traveling from town to town by automobile. At almost every town he found difficulty in making himself heard on account of the noisy reception given him.

In his speeches today, the colonel for the most part, avoided criticism of President Taft. He made an occasional reference to the president and to his opponents in general but dwelt more upon broad questions of policy in national and state government, taking up the right of the people to equality of opportunity, the control of courts and what he styled the nation-wide contest between the masses of the people and the special interests.

### ILLINOIS DELEGATES.

Lack of Harmony Reported Among Roosevelt Men.

Chicago, May 23.—It developed tonight that the meeting of thirty of the fifty-six delegates from Illinois to the national Republican convention in Chicago, yesterday, was not as harmonious as was at first reported. Two resolutions were passed at the meeting, one agreeing to stand by Roosevelt until a nominee be selected and the other asking for a unity of all the Roosevelt delegates in the country.

There was a third resolution that did not pass. That resolution introduced by Chauncey Dewey asked that the delegates "bow to the wishes of Roosevelt in convention. That would mean to obey his commands regarding temporary organization and the platform."

Several speeches were made on the resolution and finally it was left on the table without a vote being taken.

### LA FOLLETTE ATTACKS ROOSEVELT.

Atlantic City, N. J., May 23.—"There are millions of people in this country who are feeling resentment in their hearts against the unlawful combinations which are preventing them from getting justice. They will rise up shortly and demand an end of it all," was the prediction of United States Senator La Follette before a large audience on the steamer here tonight as the wind-up of his tour through the state.

"Has a man like Roosevelt the right to return where he wields absolute power over conditions when he permitted unlawful combinations to grow and thrive when all the time he had the Sherman anti-trust law, the grandest institution ever made a law to enforce discontinuance?"

### WILSON LEADS DELEGATES.

Norfolk, Va., May 23.—Democrats of Virginia in state convention here today named 32 delegates to the Democratic national convention at Baltimore in June to cast 24 votes in that convention.

With the exception of two instructed votes from the first district for Woodrow Wilson, the Virginia delegation is without instructions or preferential resolutions.

Of the state's 24 votes the line up is believed to be eleven pronounced votes for Woodrow Wilson and 13 unpronounced in chime.

The latter one-half are expressed for Woodrow Wilson; 2-12 toward Underwood, one for Clark and one Harmon. The unit rule will not be applied until the delegates get to Baltimore.

### MINERS AGREE TO SCALE.

Des Moines, Iowa, May 23.—Miners of District No. 13, United Mine Workers of America, which includes all of Iowa and the northern tier of counties in Missouri, voted today on the proposed wage scale increase of 5.26 per cent. recently agreed upon by the joint committee of miners and operators. The committee of miners last week declined to accept the agreement and submitted it to a referendum of the mine workers.

### ACKNOWLEDGES DEFEAT.

Corralitos, Mex., May 23.—General Orozco tonight acknowledged his defeat at Rellano. He declared, however, that his forces were by no means demoralized and that he would continue to push the revolution. Many of the rebels in their retreat fled as far north as Jiminez.

## FOUR WOMEN WILL BE AT CONVENTION

FAIR SEX AT REPUBLICAN NATIONAL CONVENTION.

Score of Women Have Filed Applications For Positions—Philippines Will Send Delegates—Uninstructed For Taft.

Chicago, May 23.—Four women will occupy seats as delegates at the Republican national convention June 28th. Two will come from California and two from other western states.

"The first women delegate to sit in a national Republican convention was at Minneapolis in 1892 when Wyoming sent one of the fair sex as one of its delegates," said Chairman New of the sub-committee on arrangements. "Four years ago there was a woman alternate from one of the western states. This year there will be four women delegates, according to reports, although no credentials have yet been received from them."

Sergeant-at-arms William F. Stone has received scores of applications from women in Western States for appointment as assistant sergeant-at-arms, doorkeepers and ushers at the convention, but following a precedent established by the sub-committee on arrangements, none but men will be named for these positions this year. The first credentials from delegates elected to the Republican convention from the United States Insular possessions were received by Secretary Hayward from Hawaii and the Philippines. The Republican territorial convention for Hawaii was held in Honolulu April 15th, and six uninstructed delegates were elected as follows: Walter F. Frear, John K. Kalamanoale, George F. Renton, John T. Moir, Henry A. Baldwin and Charles A. Rice.

The Philippine territorial convention was held at Manila, Feb. 5th, and two delegates instructed for Taft were chosen. The delegates named are John M. Switzer and Major T. L. Hartigan. No word has been received by the committee from Porto Rico and Alaska.

### WILSON MAKES REPLY

Quotes Scripture to Presbyterian General Assembly Who Struck His Name From List of Delegates.

Washington, May 23.—Quoting the scripture James S. Wilson, secretary of agriculture commented today on the action yesterday of the Presbyterian general assembly in striking his name from the list of delegates to the Pan-Presbyterian council to be held in Aberdeen, Scotland because he accepted last summer a vice-presidency of the brewers' congress at Chicago.

"And when the sons of men came together before me," the Lord, Satan came also," he said. "This passage seems to apply to this case, for I have learned from very dependable sources on the outside that there has been a whole lot of politics behind the attack on me from certain quarters because I, as secretary of agriculture, attended a brewers' conference. It will all die out as soon as the next election is over."

The secretary expressed the opening that Job, the much afflicted would have made a fine secretary of agriculture. Job, he said, knew a lot about farming, mules and horses.

### DEMOCRATIC ECONOMY POLICY

SHORT SAYS REP. FOSS. Washington, May 23.—Representative Foss, of Illinois, during debate on the naval bill today declared that the Democratic economy policy was short sighted and that it imperiled the nation. While he believed in arbitration Mr. Foss stated that greater security is found in battleships than in courts.

Not a war in which the United States has been engaged could have been averted by appeal to a court, Mr. Foss said. Moreover, he declared the United States should not extend its peaceful future to a court largely composed of representatives of monarchial governments.

### HAS DEFEATED REBELS.

Mexico City, May 23.—General Huerta has reported to the president in a telegram from Rellano that at noon today he had defeated the rebels and was in possession of Rellano. The rebels, he said, were in retreat northward, pursued by his cavalry.

General Huerta places the number of rebel dead at more than 600, and says he captured great quantities of arms and ammunition. He says there were more than 8,000 of rebels who occupied prominent positions and had much artillery.

### JURY NEAR COMPLETION.

Los Angeles, May 23.—The entire day in the trial of Clarence S. Darrow accused of bribing a tatesman in the McNamara case, was spent in a futile attempt to select the thirteenth or alternate juror. The remaining peremptory challenges of both sides were exhaustive.

John L. Wheat, the last man on the panel was under examination by the defense with every indication that he would qualify as the needed juror, when court adjourned until tomorrow.

### VOTE ON WAGE SCALE.

Albia, Ia., May 23.—Returns received here tonight from 16 out of a total of 88 locals in district 13, United Mine Workers of America, show 3,681 votes in favor of the ratification of the wage scale agreement reached at Des Moines recently and 1,662 against its adoption.

## PRES. TAFT BEGINS JERSEY CAMPAIGN

ATTACKS ROOSEVELT IN BETTER LANGUAGE.

Chief Executive Declares It Will be Sad Day in Republic When One Man's Existence is Essential to Country.

Trenton, N. J., May 23.—President Taft began his New Jersey campaign tonight with speeches at Camden, Burlington and Trenton. Before speaking in Camden he motored several miles through the city streets. He was frequently cheered. At the armory the president deprecated the entrance of a president into a political controversy and attacked Col. Roosevelt in the same bitter language he used before. He said he opposed Col. Roosevelt "because of the unusual constitutional views that he has held and that he promises to put into state constitutions, and if he puts them into state constitutions they necessarily will go into federal constitutions."

He also opposes Mr. Roosevelt "because his nomination will be a departure from a tradition that has been recognized by Washington, by Jefferson, by Jackson, by Lincoln, by McKinley, and was preserved in the case of Grant by the people against the will of Grant's friends; and has been approved by Theodore Roosevelt. It was approved by him in 1904 and it is re-enforced by him in 1908. I appeal from Theodore Roosevelt to Theodore Roosevelt."

He also said that he would appeal in the same way to those remarks with which he commended me to the American people so eulogistic, so superlative that I cannot read them now without blushing, and I say that both with respect to his opinion of me and with respect to the constitutional question, or rather the traditional question of two terms, that his judgment then was very much sounder than it is now, and that if you depart from that tradition and give him a third term, there is not the slightest reason at all why you should not give him a fourth term, then the barriers are all broken down, the tradition which limits us to two terms is general and in man becomes essential to the country.

"My friends, this will be a sad day in the history of the republic, when one man's existence is essential to our country."

### BAPTISTS WILL RAISE LARGE SUM

Organization Places Figures At Three Million Dollars—Speakers of Interest Heard.

Des Moines, Iowa, May 23.—Three million dollars is the sum Baptist churches of the northern Baptist convention territory will seek to raise annually for the use of the convention and its co-operative societies. Two million dollars will be expected each year from the churches and one million dollars is the annual expectation from the personal gifts.

Greetings from the Southern Baptist convention were delivered by Rev. S. J. Porter, pastor of the First Church of San Antonio, Texas. Responding to a telegram from the Disciples of Christ, now in session at Baltimore, the Baptists wired that body that they had appointed a commission to confer with their regarding closer operations as the disciples had requested. A telegram of greetings from the Illinois Congregational conference at Elgin was received and answered.

Mrs. A. G. Lester of Chicago, president of the woman's American Baptist Home Mission society, delivered her annual address this afternoon. Miss Harriet Cooper, talked on the subject, "open fields" and the question on non-Christian faiths in America was discussed by Dr. W. H. Geisler of California. Vesper services, led by Mrs. W. P. Topping of Elgin Ill., assisted by Miss Mary Walker of Des Moines closed the session of the afternoon.

### FRESHMAN DROWNED.

Iowa City, Iowa, May 23.—Leo Blakeman, aged 20, a freshman in the Iowa university, was drowned this afternoon while swimming in the Iowa river. He was the son of Herman Blakeman of Jessup, Ia.

The body was recovered but too late. Ralph Gray of Eldorado, Ia., though a cripple, attempted to rescue the drowning boy but was pulled under and narrowly escaped death.

### AMERICANS SHIELD SWIMMERS.

Port Hancock, Texas, May 23.—Two American custom inspectors, J. M. Walfer and Charles R. Tillman, standing on the American side of the Rio Grande with pointed rifles, prevented a band of Mexican rebels from firing into the river where two Cubans were swimming to the American side today. T. E. Sanchez and Louis Delahay, Mexican government soldiers, were captured by rebels and are reported to have been executed.

### AUTO ACCIDENT FATAL.

Whitestown, Ind., May 23.—Mrs. Frank Smith, a bride, was killed and the wife of the Rev. Preston Smith, president of a local bank, was seriously hurt in an automobile accident near here today. Their husband's occupied serious injury.

## THURSDAY IN CONGRESS.

Senate. Met at noon and considered miscellaneous business. Finance committee authorized Senator Smart to adversely report the house wool tariff revision bill and announce that a substitute measure would be framed.

Commerce committee considered report of Titanic investigation, which will be made May 28.

Arizona legislature in petition urged adoption of commerce court. Pension committee reported annual pension appropriation bill, carrying \$164,500,500.

Senator Crawford spoke favoring constitutional amendment to fix terms of inferior federal court judges to ten years.

Senator Oliver spoke in opposition to metal schedule bill. Adjourned at 5:20 p. m. until noon Friday.

### House.

Met at 11 a. m. Charges of official misconduct by R. G. Valentine, Indian Commissioner, were renewed before interior department expenditures committee.

By a roll call vote 147 to 126, provision in Panama bill requiring no tolls be charged American coast-wise trade vessels passing through canal, was reaffirmed.

Passed Panama canal government bill 206 to 61. Began consideration of naval appropriation bill, carrying \$118,819,827. Adjourned at 5:30 p. m. until 11 a. m. Friday.

### NAMED MEMBER OF MEDICAL COUNCIL

Dr. Carl E. Black Honored At Meeting Of Illinois State Medical Society.

Springfield, May 23.—Officers were elected to day by the Illinois State Medical society as follows: President—L. H. Ankersson, Quincy, (advanced).

President-elect—Charles J. Whalen, Chicago. First Vice President—S. E. Mason, Springfield.

Second Vice President—W. H. Curtis, Wilmington. Secretary—E. W. Wies, Ottawa. Treasurer—A. J. Markely, Belvidere.

Members of Councils chosen were: Second district—J. A. Marshall, Pontiac. Third District—Clyde D. Pence, Chicago. Sixth District—Carl E. Black, Jacksonville.

### FEDERALS TAKE RELLANO.

El Paso, Texas, May 23.—Rellano, over which the main columns of federal and rebels in Northern Mexico fought for more than 24 hours has fallen into the hands of the government. The federal cavalry is pursuing the rebels north of Rellano.

The advances were telegraphed at 6:15 tonight to the Mexican consul here by General Huerta the federal commander.

### JEWELERS CLOSE SESSIONS.

Rock Island, Ill., May 23.—The Illinois State Jewelers association and its women's auxiliary brought its three day session to a close today after selecting LaSalle as its meeting place in 1913 and election of officers as follows:

John Schmeider of Centralia, president; A. W. Johnson of Chicago first vice-president; Charles F. Mahan of Chicago; secretary-treasurer. The officers of the ladies auxiliary are: Mrs. A. W. Johnson, first vice-president; Mrs. B. F. Feil, Chicago, president; Mrs. B. P. Feil, LaSalle, vice-president; Mrs. H. C. Stern of Chicago, secretary; Mrs. T. H. Craig, Champaign, treasurer.

### CAMPBELL GETS CONVENTION.

Elgin, Ill., May 23.—Champaign was selected for the seventeenth annual meeting of the Illinois Congregationalist conference at the closing session of the organization here today.

Donations sufficient to support two conference evangelist missionaries to take care of pastoral churches in the state was subscribed today. This action was the result of announcement before the conference that the state disaster committee had condemned the conditions under which the vessel was allowed to steam into her fate among the icebergs and recommended remedial legislation will be presented to the senate next Tuesday.

The report will in all probability criticize the Titanic commander and crew for the way in which the vessel was handled just preceding the collision with the iceberg and the lack of discipline displayed afterwards; the way in which White Star officials handled the news and the lack of life-boats and other equipment.

The Carpathia's commander, Captain Rostron, who went to the rescue of the Titanic will be warmly praised. It is believed. The report will be followed by introduction of measures to carry out the conclusions of the committee.

### APPLICATIONS FOR SEATS.

Washington, May 23.—Joseph Daniels of Raleigh, N. C., chairman of the committee in charge of press arrangements for the Democratic convention at Baltimore, issued a request today that all applications for seats there be filed not later than May 31 with Charles S. Albert, chairman of the standing committee of correspondents, press gallery, United States senate at Washington.

### COMPULSORY VACCINATION.

Chicago, May 23.—The American association of Physio-Medical Physicians and Surgeons today adopted a resolution, offered by Dr. J. H. Greer of Chicago, condemning compulsory vaccination.

The resolution reads: "Resolved, That the American association of Physio-Medical Physicians and Surgeons voices its protest against compulsory vaccination, believing that proper attention to hygiene, sanitation and isolation are all that are necessary in the way of prevention."

Dr. John C. McCandless, of Chicago, secretary of the organization, asserted opponents to the practice are hostile to it on the ground that its primary purpose is to enable physicians to make a living who cannot do it otherwise.

### SMALLEST MIDGET KILLED.

Kankakee, Ill., May 23.—"Madame Corsetta," who claimed to be the smallest midget in the show world, was killed in a runaway accident here today. She was traveling with a circus.

## SEVEN DIE IN RIOT

Proclamation of Strike By Socialists Cause of Much Bloodshed.

Budapest, May 23.—The Socialist proclamation of a general strike as a protest against the election of Count Tisza as president of the lower house had the most serious sequel in rioting today which resulted in the killing of seven persons and wounding of about 150 others, some of them severely.

To the number of \$50,000 strikers marched through the city attacking men at work, and being frustrated in attempts to hold demonstrations outside the parliament buildings, resorted to reckless violence, pillaging and destroying property of all kinds.

The rioters stopped all traffic forced hundreds of street cars and demolished hundreds of gas lamps and came into constant collision with the police and troops. The fighting continued until a late hour.

The parliament buildings, stock exchange, banks and railway elevated stations are occupied by soldiers, and additional troops have been summoned from neighboring towns. Late tonight the socialist union apparently fearing further bloodshed, called off the strike, which was originally intended to last four days.

The origin of the outbreak was entirely political, due to the dissatisfaction of the socialists with the prospects of getting universal suffrage which was recommended by the election of Count Tisza, the bitterest opponent of the extension of the franchise.

### ENLIVEN THE HEARINGS.

John Stevenson Tells of Steel Corporation Deals.

New York, May 23.—John Stevenson, Jr., called on the hearings in the federal suit to dissolve the United States Steel corporation today, when he told of the various deals by which he sold out half a dozen steel properties to the Rold-Moore syndicate, John W. Gates and the steel corporation itself, each time striking a profitable bargain.

Stevenson, in 1892, established at New Castle, Pa., the first successful tin plate mill in this country, he said. It was capitalized at \$1,500,000. Ten years later, after selling out this and four other steel plants which he subsequently built, he started the Sharon Steel company, merged it with the United Steel company and then sold out to the steel corporation taking for the Sharon interests \$13,000,000 in the corporation bonds he said. He had built the Sharon steel plant, he remarked, "to shake the apple tree again."

Stevenson told of other deals in which his profits were very large.

### ATTACK DEMOCRATIC BILL.

Washington, May 23.—Senator Oliver, of Pennsylvania, today attacked the Democratic bill revising the metal schedule of the tariff law, declaring that the measure as framed by the house would operate to the advantage of the United States Steel corporation. He declared that while the bill proposes large reduction in duties on heavier steel products manufactured by the steel corporation it hits harder the man with the small factory who works steel down to small sizes for the ultimate consumer. The Democratic bill, he argued, would drive out the small concerns and give the big corporation a monopoly.

### WILSON DEFINES STANDARD.

New York, May 23.—Governor Woodrow Wilson was the guest of the Economic club at a dinner here to night and discussed "politics and business," in furtherance of his candidacy of the Democratic presidential nomination.

"We owe it to business, even to the business which has been conducted in the wrong way, to be explicit to name in exact terms as possible the transactions we forbid," he said. "And to foster by the utmost legal freedom everything that makes for the production of real wealth. This is not a program, but a standard and it must be adhered to."

### CASE GIVEN TO JURY.

Davenport, Iowa, May 23.—The second of the Muscatine labor cases in which Clayton Rowland is charged with conspiracy against non-union button workers was given to the jury today following a four days' trial.

In the first of the cases tried, that of Oliver C. Wilson, the jury disagreed, and the indictment against Emmet T. Flood, national organizer of the American Federation of Labor has been dismissed.

Acquittal in the Rowland case, it is said, will result in the dismissal of remaining indictments against union men.

### WRIGHT IMPROVES.

Dayton, Ohio, May 23.—The condition of Wilbur Wright at midnight is slightly improved and attending physicians are hopeful that the improvement will continue. The inventor has regained consciousness and is able to recognize and speak to members of his family, all of whom are at his bedside.

### GROUP EIGHT.

Group Eight of the Illinois Bankers' association will hold its annual convention June 5 in Jacksonville.

Bankers all over the country are trying to inform the public as to the functions of banks and their relation to the communities they serve. The group meetings this year have been planned with a special view to interesting every business man. Topics of general interest will be discussed by able men.

One of the speakers at this meeting will be the Hon. Robert W. Donnelly, who will tell of the defects in our banking system and the need for reform. He was a member of the National Monetary commission and an orator of wide reputation. The subject will be treated without technicalities, and should be interesting to every farmer, merchant and manufacturer.

Two recitals at the College of Music, Illinois Woman's college, Friday by the students of the Intermediate grade. Afternoon recital at 4:15, evening recital at 8:15. Public is cordially invited.

### THE CITY COUNCIL

Health Conditions of City Discussed By Health Warden and Commissioners—Other Matters Investigated By Body.

The city council met Thursday evening with Messrs. Engel and Knollenberg present. Mayor Davis in the chair. Messrs. Brown and Newman entered soon after the opening of the session. The minutes of the last regular and subsequent called meeting were read and approved.

Dr. Allen King, health warden was present and the mayor granted him the courtesy of the floor. He said substantially:

I desire to call attention to the article in the Chicago Tribune regarding sanitary conditions in this city. We have no definite statistics regarding the cases of typhoid fever but the man called on me and asked regarding the deaths last year and I gave him the facts. Now supposing a large number who have the fever recover then he might make quite a case with the help of his imagination. The article was wholly misleading and contained many things which were not true regarding the city of Jacksonville.

However, I would recommend that houses in which are cases of typhoid fever have a placard the use of which with scarlet fever or spinal meningitis and that a careful record be kept of them.

Commissioner Knollenberg: Is that for the benefit of the Morgan county medical society?

Mayor Davis: Do you regard such a course necessary?

Dr. King: Most emphatically I have not spoken to a member of the county society nor the city club. My suggestion is wholly in the interest of public health. Now it takes ten or fifteen minutes hard boiling to kill the fever bacillus. A woman may do washing and send it out wholly innocently but it may contain germs of typhoid when she does the washing in a house in which there is a patient and hence the presence of the disease should be known.

Also where there is a case of tuberculosis the fact should be known and when a death has occurred there should be a complete fumigation. This should be done by all means for if not the occupants of the house and all future ones are more or less endangered. The tuberculous bacillus lives months and even years and is ready to do its deadly work and should be checked. It is up to the city and the greatest care should be taken in this matter.

I have had numerous complaints of unsanitary outhouses, pig pens and the like and do not think quite enough attention has been paid to this matter. Then the question of hauling dead animals through the streets should be considered. To think I do not understand what is what is best in that matter. The questions of typhoid and tuberculosis make me trouble enough without anything in other directions at present.

Mr. Brown: I think the clubs of this city, or at least some of them, have taken up this question and something should be done. I think there should be complete fumigation after a death takes place in a house but I am hardly in favor of placarding a typhoid or tuberculosis case but each case should by all means be reported to the health warden.

Mr. Newman: Who should be responsible for the fumigation, the tenant or the owner.

The mayor: The owner.

Mr. Brown: Near my residence there was a death, but nothing about fumigation was done.

Mr. Engel: I move the city attorney and health warden confer and prepare a suitable ordinance to correct this matter.

Mr. Brown: I second.

Mr. Newman: Make it brief and to the point.

The mayor: I certainly agree to that.

Mr. Knollenberg: That is certainly a good thing. We have had far too much in the way of long drawn out statutes.

The mayor: We waste so much of our lives reading the long enactments. I have drawn a number of ordinances which have stuck.

The motion prevailed.

Mr. Knollenberg: What about hauling dead animals through the streets? The mayor: I have tried to correct this but have not been able. The carcasses should be hauled at night anyhow.

Mr. Brown: If we specify the right kind of wagons I think there would be no trouble.

Mr. Brown: I think if the right kind of a wagon could be specified there would be no trouble. There is made a vehicle closely covered and with a block and tackle which can be used to haul a wounded or a dead animal and would be all right, I think.

The mayor: I have heard that Cohen had contracted for some such rigs for his use.

Mr. Newman: Where do they burn carcasses of dead animals?

Mr. Brown: They are not burned but rendered for grease and refuse of the bones and the fertilizing material.

The mayor: If no objections I will take up this matter with the attorney and see what can be done in the way of preparing a suitable ordinance.

Mr. Newman: I have had complaints of glass left on the streets by telephone companies much to the detriment of auto and buggy tires.

The mayor: I have warned both companies to be more careful and they assured me that they have ordered their men to be careful not to scatter glass in the street.

Mr. Newman: I have made some investigations but it is hard to find the real offenders. I think in some cases one company will throw its glass on the opposite side of the street.

The mayor: It is certainly hard to discover just who is at fault in the matter.

Mr. Newman: I would arrest an

No action.

Mr. Brown: I have had no bids on the water pipe yet.

The clerk: I have one here from C. C. Schureman. It is for 1,000 feet of six inch pipe to weigh 400 to 450 pounds a span at \$21.25 a ton.

Mr. Brown: I wish we could get the bell down pipe. It takes less lead and is better every way.

Mr. Knollenberg: I would rather buy of home dealers.

Mr. Brown: I approve of that and move that the contract be awarded C. C. Schureman if he can furnish the bell down pipe at the same price.

Carried.

The clerk then produced an ordinance prepared by the board of public improvement providing for paving East Court street.

Some time was taken in the discussion and it was laid over.

Another was read providing for a sewer on South Main street from Superior avenue to 190 feet north of Michigan avenue.

This was also read, discussed and laid over.

Adjourned.

### HOMER'S PROTRAIT

Splendid Photograph Given Illinois College Library by Miss Mary Rhoads.

The library of Illinois college was today enriched by the gift of a splendid photograph of the marble bust of Homer, which stands in the museum of Naples. The donor is Miss Mary Rhoads, who is a warm friend of the college and who from her choice collection of well selected pictures has adorned the walls of other public buildings of our city. One of the most beautiful of her gifts is the head of the Hermes of Praxiteles which hangs in the public library.

The bust of Homer, whose likeness Miss Rhoads has just presented to the college, is generally acknowledged to be the best of that type of idealized portraits of which many examples are to be seen in the great museums of Europe and America, a type which resulted from the spirit of individualism which so intensely pervaded the Greek civilization of the fourth century before our era. In this particular bust the genius of the sculptor has made a masterful presentation of poetic inspiration and prophetic vision. It is one of those works of art which to look upon is to be chastened. Miss Rhoads has indeed made a priceless gift to the college.

The portrait will be hung in the classical alcove of the library and those who wish to see it are cordially invited to avail themselves of the opportunity.

I suffered over 20 years with rheumatism. Sometimes was unable to work and sometimes would fall down and have to lay down for an hour or two. Now I can work every day and come in at night, eat a good supper, sleep fine and get up next morning and feel as fine as any one. I work hard every day. Would be glad to answer any inquiry.

#### CONCRETE ROADS.

From an article in the *Dayton Review* on hard roads, the following is taken from the report of an experienced expert:

"On the basis of three years thorough trial," said Mr. Hines, "I stand committed to the use of concrete for country roads. I also believe it to be an ideal form of pavement for village and city residence streets and alleys. This is not a statement born of enthusiasm on the spur of the moment, but a cold blooded dollar and cents view based on results attained and arrived at after consideration of all the facts available and experienced."

**Specifications.**  
Mr. Hines goes into details in the matter of specifications and the later improvement in the method of pavement construction which may be here omitted. This much will be of interest as showing the extreme care with which their pavements are put down and the quality of their concrete construction.

"Wayne county is poor in good road material and practically all of the stone and sand we use has to be shipped in. The county is flat and not easily drained and the subsoil is largely clay or sand. We prepare and shape our sub-grade, rolling it hard with a ten ton roller. Side rails 2 by 7 inches lumber are used and these are protected on top by a two inch angle iron.

Our trunk roads are built 16 feet wide with a shoulder of gravel at each side four feet wide, making a maximum width of 24 feet. We have also built concrete roads 9, 12 and 18 feet wide.

**Cure of Concrete.**  
"When first put down the concrete is thoroughly tamped in place and when this is done no workman is permitted in any way to disturb the concrete by stepping on it or throwing anything on it. The strike men use a plank trimmed to the curvature of the road and iron bound edges. It rides smoothly on the iron edges of the form boards and is handled with sufficient care to eliminate the necessity for any considerable floating by the followup men.

"The floaters work on a bridge which rests on the form planks so that there is never any contact with the concrete. This rule to keep off the concrete is rigidly enforced. Smoothing is done with simple wooden floats of home manufacture.

**Time to Season.**  
"Each day's work is finished by an expansion joint and no more than 20 minutes is permitted to elapse between batches during the day. The work of the day is covered with canvas and the next day the canvas is removed and the concrete covered to the depth of about two inches with any sand or loose soil that may be available to keep the concrete from drying out. The concrete is sprinkled several times daily for eight days. Roads are not opened for traffic until at least two weeks after the last concrete is in place. The gravel shoulders are put in two layers, each three inches deep and rolled with a ten ton roller. This work is not started until the adjacent concrete is at least three weeks old."

A good deal of information is given about the mixing and handling of the concrete which is of a very practical kind. In summing up Mr. Hines says:

**the Cost.**  
"The concrete roads of Wayne county have cost from \$1.04 to \$1.75 a square yard complete. The figure varies with the cost and the required grading, the length of the haul of materials, etc. The price includes culverts, the drains, open ditches, grading and the gravel shoulder.

"The results we have secured can be secured anywhere if strict attention is paid to detail, care used in the selection of good, clean stone and sand and of good grade cement coupled with good mixing and care used

in finishing the surface so that there will be no depressions. It will not pay to stint the amount of cement if good results are expected and there must be adequate, intelligent and honest supervision.

## NURSES GRADUATE

**\$15.00**

Three Capable Young Ladies Receive Diplomas From the Nurses' Training School at Passavant Hospital.

Passavant hospital presented a beautiful appearance Thursday evening, on the occasion of the graduating exercises of the nurses' training school of that noble institution. The graduates were Miss Anna V. Ridgway, Palmyra; Miss Benlah E. Hart, Manchester; Miss Lulu McCarver, Jacksonville.

The exercises were held on east porch and the audience was accommodated with chairs on the lawn in front of the porch, where it was cool and pleasant, while electric lights furnished ample illumination. The porch was draped with a profusion of flags of our country, while the national colors were conspicuous all about.

The size of the audience was indeed most gratifying, showing that although the night was hot and sultry, so many took a deep interest in the work of the hospital.

The exercises were varied with several numbers by the orchestra from the State School for the Blind and several numbers were also rendered by quartets from the orchestra and there was also a violin solo and all were most capably rendered, showing the superior musical attainments of the young gentlemen in that organization, and they received the hearty thanks of the chairman of the evening.

After the guests had all been seated the nurses of the training school marched in front and took their seats, while the graduates took places on the porch, headed by Miss Vanner, the worthy superintendent. Of all the addresses only a brief outline is attempted. In opening the exercises Dr. Pinner said:

Dr. T. J. Pinner:  
It affords the friends of the hospital great pleasure to see so many in attendance to night. Hospitals are a great and growing institution and in all the improvements of the day there is nothing equal to the expansion of this kind of enterprise.

It is a work, which commands itself to all humanity, for it is for the general good. Hospitals are generally founded by benevolent people; sometimes by wealthy men who give of their abundance and sometimes by many persons of smaller means working together. In a place like ours, in which we have no millionaires we must have a greater number of supporters. We always need in successful hospital work the life and labors of trained nurses.

Often the life of the patient depends on the efficiency of the nurse in attendance and so the great benefit she is to the community can easily be seen. Here is a training school to prepare worthy young women for this grand work and I know it is truly excellent and very efficient. The superintendent labors most faithfully and capably for the training of the nurses in addition to the work of the doctors who give free lectures and instruction.

We had expected here to night Dr. Weiss, secretary of the State Medical association, but he was suddenly called to Peoria this afternoon and so in our hour of need we have called on a good friend, who is always at his post in time of duty.

Dr. L. H. Davis:  
The gentleman said in brief: It is truly gratifying to see so many here to night. It is in keeping with the spirit of the age. In the world there are many great movements. We have many problems in common with the countries of the old world. The great movement of Christianity is now going on. There are three great things the Founder of our faith demanded. Christ was a great physician. He laid special stress on the individual and the value of the man to himself and to the community. When we go back to the sunny days of Greece and Rome we find the individual existed for the state and not the state for the individual. In no other land is the value of the individual so great as in ours. Cross from San Francisco to China and see how cheaply human life is held and how different it is in Christian lands.

Again, man as he touches others must do so in a kindly way. He must show sympathy if he would be like Him who is our great example. Christ was ever intensely interested in the individual, not along the rich and influential but the poor and needy, be it man, woman or child. We are taught there is a social obligation which we cannot ignore. The sublime parable of the good Samaritan well shows how our Lord and Master valued human life and how His sympathies went out to all in distress or trouble.

These teachings have inspired men to build hospitals and do many other things for the welfare of their fellows. In New York city one man has given an immense sum for a hospital and another millions to found a school of research to discover the best means for aiding the weak and suffering, the diseased and distressed.

We cannot all give great sums but we can all do something. We should especially remember tag day for then it is especially that the fund for the worthy sick and wounded is raised and so I bespeak for you all a deeper interest in this noble institution.

In the orient our missionaries go and not alone to preach the gospel but to carry doctors and remedies for the sick who know nothing of such institutions as these and such persons as our physicians. The missionaries labor for a mere pittance but their reward is on high. Christianity is the opposite of the selfishness of every man for himself and especially those who suffer should receive our best efforts.

W. P. Phillips:  
After instrumental music, William P. Phillips was introduced and sang in his usual fine and cultured manner two selections, "The Singer," by Bullard and "Spite of All" by Pfeffer. Both numbers were well received

## CIGAR SATISFACTION

and added fresh laurels to the brow of the young gentleman.

Dr. C. E. Black.

I have wondered how many realize the great advance we are making in some directions. Twenty years ago there was no such thing as a training school for nurses and hardly a trained nurse anywhere.

There were in the cities and elsewhere ladies who were trained in nursing but none who were trained nurses and schools like this were hardly known. Now a trained nurse is a necessity as an accompaniment to the scientific discoveries and improvements in the manner of treating the sick. Nothing is more important in the treatment of the sick than the trained nurse. It is only six years that a regular training school has been conducted in connection with this hospital, but the work it has done is great in all respects.

To the graduates:  
Young ladies; this diploma means that you have completed the course in the training school of this hospital. It means that you have met the requirements of education, of application, of ability and devotion to your duty and proficiency in your studies. But it means more. It means that you are now to go out in life and use what you have learned here. Now you are all alike but as the years pass by you will be different, possibly. If you have the right conception of your mission you will regard the financial side of your work as incidental and the good you can do to fellow creatures as the great motive of your existence. You are

qualified to go before the state board of examiners and be registered as nurses, qualified for official duty among the sick. If you are faithful to the best that is in you you will be of great benefit to mankind and alleviate the sufferings of those with whom you labor.

Hippocrates, the father of medicine, required of his followers a rigid oath when they went out to service. This in a modified form will be administered to you by a disciple of the great founder of medical practice.

Dr. Josephine Milligan.

The graduates then rose while Dr. Milligan administered the following obligation:

"I, \_\_\_\_\_ do solemnly promise that in the practice of my profession I will always be loyal to the patients entrusted to my care and to the physicians under whom I shall serve; that I will not make use of nor recommend any quack or secret nostrum; that I will be just and generous to members of my profession, aiding them whenever they shall need aid and I can do so without detriment to myself or patients; that I will lead my life and practice my profession in uprightness and honor, and not lend my aid to any immoral or illegal practices whatever; that into whatever house I shall enter it shall be for the good of the sick to the utmost of my power; that whatsoever I shall hear or see of the lives of men and women, whether they be my patients or members of their households, that I will keep inviolably most carefully secret; and that I will continue to observe and to study,

and will strive in every way for the improvement and advancement of my profession, not regarding it as a means of livelihood only, but as an honorable and sacred calling."

Many lovely flowers were showered on the young ladies as a musical selection by the orchestra ended the formal exercises, after which all were invited to stay for a social hour.

## STATE HISTORICAL SOCIETY ELECTS

Clark E. Carr Chosen President at Annual Session in Springfield. Springfield, Ill., May 23.—At the first session of the Illinois State Historical society, which is in annual session here, Clark E. Carr of Galesburg was re-elected president, Lawrence Y. Sherman of Springfield was chosen first vice president and Richard Yates of Springfield third vice president. Mrs. Jessie Palmer Weber of Springfield was re-elected secretary.

A resolution introduced by Capt. J. P. Burnham of Bloomington strongly endorsing the erection in Springfield of a new educational building was adopted.

The literary program commenced this afternoon at 2:30 o'clock, when addresses were made by Henry W. Lee, editor of the Calumet Record of South Chicago. Dr. Charles B. Johnson of Champaign, L. Fuller, local weather forecaster at Peoria; and Mrs. K. T. Anderson of Rock Island. This evening, Prof. William E. Dodd of the University of Chicago delivered his annual address, his subject being, "The West and the Mexican War."

The program for to day follows: Morning Session—9:30 O'clock. Address, "The Thirty-third Illinois Infantry in the War Between the States"—Captain J. H. Burnham, Bloomington, Ill.

Address, "The Genesis of the Whig Party in Illinois"—C. M. Thompson, Champaign, Ill.

Address, "The Know Nothing Party in Illinois"—John P. Senning, Champaign, Ill.

Address, "Joseph Gillespie, a Pioneer Lawyer of Southern Illinois"—Hon. W. R. Priekett, Edwardsville, Ill.

Afternoon Session—2:30 O'clock. Address, "Was There a French Port at Chicago?"—M. M. Quafie, Ph. D., Lewis Institute, Chicago.

Address, "Virginia Currency in the Illinois Country"—Mrs. Minnie G. Cook, Milwaukee, Wis.

Address, "Senator Stephen A. Douglas and the German in 1851"—F. L. Herriott, Ph. D., Drake University, Des Moines, Iowa.

Evening Session—8 O'clock.

"Historic Places and Scenes of Illinois," a series of stereopticon pictures—Hon. William A. Meese, Moline, Ill.

A reception will follow the stereopticon pictures shown by Mr. Meese and HISTORICAL SOCIETY.

The society elected the following officers:

President—Clark E. Carr, Galesburg.

First vice president—Judge L. Y. Sherman, Springfield.

Second vice president—Hon. Smith D. Atkins, Freeport.

Third vice president—Former Governor Richard Yates, Springfield.

Secretary-treasurer—Mrs. Jessie Palmer Weber, Springfield.

Board of directors—President Edmund J. James, University of Illinois; Andrew Russell, Jacksonville; J. H. Burnham, Bloomington; E. B. Greene, University of Illinois; Jessie Palmer Weber, Springfield; Charles H. Rammelkamp, Jacksonville; Hon. J. O. Cunningham, Urbana; George W. Smith, Southern Illinois Normal school; Hon. W. T. Norton, Alton; Hon. Wm. A. Meese, Moline; Dr. Otto L. Schmidt, Chicago; Richard V. Carpenter, Belvidere; Edward C. Page, Northern Illinois State Normal school; J. W. Clinton, of Polo and Walter Collier, of Alton.

Today's session was presided over by President Clark E. Carr of Galesburg. Henry W. Lee, editor of the Calumet Record of Chicago, delivered an address on "The Calumet Portage," and Mrs. K. T. Anderson of Rock Island spoke on some reminiscences of pioneer Rock Island women, while Dr. Charles B. Johnson of Champaign read a lengthy article on "Everyday life in Illinois near the middle of the nineteenth century."

**ARRESTED FOR SPEEDING.**  
Earl Henry was arrested Thursday by Chief of Police Davis for exceeding the speed limit on a motorcycle. At the time of the arrest he was speeding against an automobile on Fayette street. He claims that the auto was crowding him to the curb and he was trying to get out of the way. The automobile was going so fast that the chief could not catch the number. The officers intend to arrest every offender against speeding and have their eye on several who have been guilty of disobeying the law.

## THE SUMMER'S STYLE.

Sash and Bow Effects Are the Thing.

AN ECCENTRIC RIBBON SASH.

One of the quaintest effects of summer fashion is the revival of the familiar bow and sash idea, a mode that has come into being at the same time as the pannier. As a matter of fact, not always one sash bow, but two are to be seen in some of the best sash arrangements.

A curious modification of the sash is the "ladder" treatment, which is particularly modish just now and correspondingly hard to make.

Such a sash is seen in the cut. It is fashioned from very broad, soft, satin ribbon run with little pin tucks its entire length and edged with a quilling of chiffon.

The new pannier sash hooks snugly around the waist, three pink roses concealing the fastening. The sash ends are attached to each side of the belt at the back in almost the full width of the ribbon, but at the knee these wide ends are caught together with a stiff little rosette of pink roses.

## BLOOM OF AMERICAN WOMAN

Something Which Counts For a Good Deal in Europe in a Social Way.

Yes, the American woman has "bloom," which means she has charm and something besides—the talent for being interesting, the gift of being companionable, not only with other women, but with men. This is the more remarkable because the companionship between women and men in America is not nearly so constant and consistent as it should be. An American man hustles away to his office at 8 o'clock in the morning and only comes back at 8 o'clock in the evening or later. During all those hours his wife has to occupy herself as best she can, and often she has not even the household duties which give an Englishwoman something to do, because she lives in an apartment house or in a hotel where every domestic service is rendered to her as part of the machine, says the London Graphic.

When he does come home the American husband is probably dead tired and only able to go to bed, and therefore, as nice American women often say when they visit here, it is a delight to meet leisurely men such as they meet in England and to talk over, in a leisurely way, the things which interest both men and women. After all, Providence so ordained things that men and women are needed to make up a complete world, and it is pretty obvious that the sort of segregation between them domestically which exists in America is not a good thing. The tired husband, the unoccupied wife—it is not, surely, the best sort of arrangement. Less labor, less wealth and more companionship are better.

## The Widening Skirt.

One of the ugliest ideas ever exploited is certainly that of a skirt considerably shorter at the front than at the back, a reversing of the true order that makes the figure absolutely grotesque in appearance.

Even the scarfs that are now draped round the figure do not impede the motion in any way. For the present these are quite meaningless and to be avoided, though an exception might possibly be made in favor of one of the new draperies, the tuck up or fishwife folds, which are not altogether unattractive. These are accompanied usually by a plaited underskirt, but plait is not yet showing in Paris, though American dressmakers seemingly have determined that plait will be a feature of spring novelty costumes.

## A Useful Furniture Hint.

This is an excellent and inexpensive remedy for removing white marks caused by standing anything hot or wet upon polished furniture. Wash the marks with soap and water, then apply emery powder and rub well in with a piece of wet flannel and leave it to dry. Next wash off the powder with soap and water, dry thoroughly and polish with a good furniture polish.

## The Fashionable Color.

She—The fashionable color for the summer will be called messenger boy blue.

He—Why that name?

She—Because it's guaranteed not to run.

## As "Ed" Howe Sees Life

How a little girl loves to say to her little brother: "Oh, you are going to catch it when mother gets hold of you!"

The dishonest man is apt to find the people a rather suspicious lot.

People won't treat you very well, unless you constantly watch them.

Men are always trying to "understand" women. What women want is not to be understood, but to be treated better.

A young husband complains because his bride cannot cook as well as his mother, but he was careful not to marry an old lady with his mother's experience.

Everything old is neglected; in-laws old people.

I know a bright old gentleman of seventy-four, who is very ill and growing weaker every day. It is said that nothing can cheer him; and I don't know that I blame him very much. There comes a time when everyone must give up hope.

Girls of sixteen and seventeen look so superior to the rest of us, but soon outgrow their superiority, poor things.

When everything is running smooth and pleasant with some men, they long for excitement and the restless until they have a chance to tell how they prefer death to loss of liberty, and how they are patient, and easy to get along with, but they are terrible in their wrath when anyone attempts to rob them of their rights.

When marriage is a failure, it is a little worse than any other kind of failure.

## IMPERATOR IS TO BE LAUNCHED

New Liner of Hamburg-American Company Will Be Floated To Day With Appropriate Exercises.

Berlin, May 23.—A party of distinguished engineers, newspaper representatives and others left here today for Stettin, the guests of the Hamburg-American Steamship company, to attend the launching of the company's new liner *Imperator*. The new vessel, which is larger than any craft afloat, is to be launched tomorrow from the yards of the Vulkan Shipbuilding company on the Elbe. The ship will probably be ready to make her first trans-Atlantic voyage early next winter.

*Imperator* is designed to eclipse all previous records of ocean greyhounds for size and splendor. She is to be about 20 feet longer than the Olympic and her sister ship, the ill-fated Titanic, and will have a displacement exceeding those vessels by about 5,000 tons. The length of the *Imperator* over all will be 900 feet and when complete and fully laden she will displace about 50,000 tons. There will be eleven decks on the new liner, and she will be fitted out in the most luxurious style.

The deck of the new liner will have the beam of Broadway, New York's leading thoroughfare, at its widest part—96 feet. Nine of her eleven decks will be above the water line, equal to the height of the largest apartment houses. If the *Imperator* were set on her end beside the cathedral of Cologne, the famous tower would come only to the second funnel of the steamship. Nearly 2,000,000 feet of Oregon fir were used for her decks alone.

With so much space available feature are possible that have never before been introduced. There will be a promenade deck nearly a quarter of a mile long, a great entertainment hall two stories high, holding 700 guests, a conversation room, a smoking room, a ladies' hall, a winter garden, a Ritz-Carlton restaurant, a recreation of ancient Roman baths in bronze, marble and ivory, rattles, women's salons in different decorative periods and national styles, "universal" telephones, the biggest gymnasium yet, running track of tan bark, squash court, submarine signals and powerful air pumps to waft below currents of the purest air and afford equable temperature throughout.

The *Imperator* will, when completed, not only be the largest vessel in the world, but will in addition insure her passengers against the terrors of seasickness. This happy condition is to be brought about by the installation of the Frahm docks on board the new "Goliath of the Ocean," a device that reduces the motion of a ship and, as it is asserted, has reduced the oscillation in heavy weather from 63 to 3 degrees.

The new liner will not be a fast boat, being built more for solid comfort than great speed. Her time across the Atlantic will be in the neighborhood of seven days. Her engines will be of the reciprocating type.

It goes without saying that the company is preparing to equip the *Imperator* with a sufficient number of life boats to accommodate all of the passengers and crew, numbering altogether about 5,000 persons. The most powerful Marconi apparatus ever set up at sea will be installed on the vessel, the unusual height of her masts making it possible to receive our transatlantic messages across the broad expanse of the Atlantic ocean. It is expected that she will always be in direct communication with either Europe or America.

Lina Alvaranell will star under direction of George W. Lederer next season.

A musical version of "Uncle Tom's Cabin" will be produced in Chicago this month.

Frank Hatch is to produce a new college comedy called "Putting It Over" this month.

Henrietta Crozman has lost her mother, who died last month in her Pennsylvania home.

William Farnum will be leading man of a summer stock company in Buffalo, N. Y., this summer.

Julius Steger intends to go on tour again next season, playing "The Master of the House."

A play with the luckless Lady Jane Grey as its subject is to be presented in Philadelphia soon.

Leo Fall has written a new opera called "The Dancing Girl," that will be produced early next season.

A comic opera from the French, called "The Tale of a Tub," will be produced in New York some time next season.

It is reported that Grace Hazard and Fred Pierce, both well known vaudeville stars, are to be married next month.

Etienne Girardot, who was the original "Charley's Aunt," is in vaudeville with a sketch called "The Gray Room."

Among the features on program of the next Lambs' Gambol are a number of burlesques on current stage successes.

Next season Robert Mantell will produce Justin Huntley McCarthy's historical drama, "Charlemagne the Conqueror."

Trentini has refused the flattering offers made her for a season of vaudeville following the close of her tour in "Naughty Marietta."

A new musical comedy presented in London recently is called "The Arms and the Girl." G. P. Huntley and May de Souza were among the principals.

"Queed," a dramatization by Winchell Smith of Henry Synder Harrison's novel, will be produced early in the fall by Cohan and Harris, with Brandon Tyan in the leading role.

Klaw and Erlanger have selected "Oh, Oh, Delphina," the new Metellan-Carr musical comedy, as the opening attraction of the Knickerbocker theatre, New York, next season.

## Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much information.

## 365 DAY ROAD ASSOCIATION

Citizens of Hillsboro Organize to Have Good Roads During the Entire Year.

A number of public spirited citizens of Hillsboro have organized an association to be known as the 365-Day Road association of Hillsboro, Illinois. The purpose of the association is to aid in the construction and maintenance of roads fit for use 365 days in the year. The association is to meet on the first Monday of every month and monthly reports of the operations of the association are to be published, together with the items of receipts and disbursements.

Thirteen directors are to be elected at the first meeting and an executive committee of three members will manage the affairs of the association when the board of directors is not in session. No officer of the association is to receive any compensation for his services, and it is understood that they will act in connection with the highway commissioners and under their direction when practicable. Subscription lists are being circulated, the subscribers being asked to put down what they are willing to pay each month. Owners of automobiles are subscribing twice the amount others subscribe, and the promoters of the association expect to secure 100 members with a pledge of \$150 a month. The owners of machines are subscribing \$2 a month and others \$1. If 100 members are secured whose subscriptions average \$1.50 a month, it will give the association a working capital worth while, and will secure practical results. Other towns over the state are organizing these associations and no organization could be more meritorious or more needed. Experience has proven that the amount of road and bridge tax allowed to be raised by law is wholly inadequate and the old method is unsatisfactory. The condition of the roads during a great portion of the year is simply intolerable. They are a disgrace to a civilized community and cause great inconvenience to the public and immense loss to the farmers, who wish to get their products to market.

Scores of schemes have been proposed whereby the roads can be improved, but there is always one great obstacle in the way, and that is lack of money. The 365-Day Road association proposes to obviate this difficulty by raising the necessary funds and then see to it that they are judiciously expended.

### NOVEL MESSAGE CREAM.

Perfect Skin Food That Removes Wrinkles and Clears Complexion. The most delicate skin will quickly respond to the soothing and tonic effects of Hokara and when this pure skin food is used, pimples are soon a thing of the past.

As a massage cream or after shaving it is unequalled, removing all irritations, and making the skin soft and velvety.

Apply a little to the hands or face after washing and surprise yourself with the dead skin that comes off. Hokara is the only massage cream that is an antiseptic, and pimples, eczema and all skin blemishes soon disappear when it is used.

Although far superior to the ordinary massage creams and sold on a guarantee of "best you ever used or money back" yet the price is a trifle only 25c for a liberal jar, larger size 50c.

Sold on a guarantee by Coover & Shreve.

## FOR THE BUNGALOW.

Comfortable and Artistic  
Wicker Furniture.

WICKER STANDS FOR THE PORCH.

There are innumerable odd pieces of wicker furniture which have their utilitarian or decorative value in outfitting the summer cottage. For instance, tall garden lamps, which can be moved to any corner of the piazza or place on the lawn, are not only picturesque, but quite necessary when nature does not supply sufficient illumination. And here are quaint shaped book and magazine racks, tea tables and flower stands, which prove irreplaceable to the woman whose expenditures are not too limited.

The wicker stands seen in the illustrations are among the very newest things for porch furnishings.

### BEWARE OF THE TELEPHONE.

Listeners at Other End Hear More Than Speakers Realize.

Not every woman realizes how careful she should be when talking near a telephone in operation. The listener at the other end hears more than the voice of the speaker at the mouthpiece. If one is hastily denying her request she may hear not only the civil words into which the person telephoning translates the denial; she may hear the original words too.

One day a girl having the loan of a motorcar for the afternoon joyfully telephoned to ask if the invalid member of a friend's family would enjoy a spin? As she waited, receiver to her ear, she distinctly caught these words in the brute tone of the invalid:

"Who is it—Jane?"

Followed her own name.

"Oh, bother take her!" greeted her astonished ears, as did an ungracious "Well, what do you want?" The tone of the person at the telephone changed suddenly, however, when the tenor of the message was understood, and, though the invalid could not go, her representative actually forced herself on the girl in the former's place.

"Why did you take her?" demanded the owner of the car after listening to the recital.

"I did it to have a chance to warn her of the danger of talking near a telephone," replied the girl, "but she was so happy that I didn't like to spoil her enjoyment."

### Picturesque Neckwear.

This new collar is very picturesque. It reaches to the base of the hair at the back and opens in a deep V in front.

### THE ROBESPIERRE COLLAR.

In front of a plaited lace falls away from the front opening, which effect softens the rather severe line of the collar.

### Washing Woolen Scarfs.

It is an easy matter to cleanse at home white woolen scarfs and shawls. Prepare sponges by boiling pure white soap in rainwater. Soak the article first in warm, clear water. Dip it in the sponges and gently knead with the hands until it appears clean. Press between the hands without wringing. Wash through fresh soap suds and place in cold water. Rinse through several waters and dry it between cloths.

Never hang woolen articles upon the line. To stretch the full length upon a towel and cover with another absorbent the water without stretching the article out of shape.

## WILLIAM DARLEY MUST PAY \$4,000

A. L. Hamilton Wins Case in Circuit Court After Long Deliberation by Jury—Other Cases Disposed of by Jurors.

The case of Alfred L. Hamilton of Waverly vs. William Darley, trespass, which went to the jury Wednesday afternoon at 2 o'clock, returned a verdict, Thursday morning at 9 o'clock after an all night deliberation. The jury found the defendant guilty and assessed damages at \$4,000. The jury seemed to be unanimous as to the guilt, but the amount of the damage was the question argued. The case was one where Mr. Hamilton was suing William Darley for alienating the affections of his wife.

People vs. John H. Decker, William Flynn, Lol Hare, William Hale, Lee Flowers and Lynn Hare, burglary and larceny. Motion by defendants for continuance and motion allowed and case continued.

Josephine Butler vs. Smith Butler, bill for divorce. Evidence heard and decree for complainant for divorce and for \$200 alimony and \$30 solicitor's fees to be paid in 30 days and order that said sums be a lien on real estate described in bill as owned by defendant.

### Suit for Partition.

A suit for partition was filed in the circuit court Thursday styled John J. Hatfield vs. Elworth Hatfield et al. The plaintiff is represented by McNulty and Allen of Springfield.

### BIG DOCTORS BILL.

Man With Sore Feet Spends \$700.00 on Them—A True Story.

Vouched for by Levengood and Strickler, druggists of Latrobe, Pa., "Here is one of the greatest testimonials I have ever heard."

George Umoltis from Atlantic No. 2, a coal plant near here bought two packages of EZO, and in about three or four weeks he came in and told me that he wanted to have it advertised, and said I am willing to pay all charges, because I want the people to know how good it is. He told me that for 7 years he hadn't stood on his feet, he spent \$700.00 for doctor bills, and he only used one package of EZO, and can run and jump like a boy. He was all smiles about EZO." Coover & Shreve sell EZO a refined ointment for sore aching weary feet for 25c a jar.

### FIGHT TO SAVE MURDERER.

Boston, May 23.—Counsel for Bertram G. Spencer, who was convicted of the murder of Miss Martha E. Blackstone, Springfield two years ago, appeared before the full bench of the Massachusetts supreme court here today to make a final appeal to save the condemned man from the electric chair. Spencer's lawyers, in support of their plea for a new trial, contend that evidence of the prisoner's insanity, produced by competent alienists, was disregarded by the trial jury.

Miss Blackstone's murder, while she was sitting at the table of friends whose home Spencer had entered to burglarize and Spencer's subsequent arrest in April, 1910, culminated a series of breaks and robberies which had most of the city of Springfield agog with fear for a long time. After his arrest Spencer confessed to killing Miss Blackstone and also admitted his guilt of a score or more of burglaries. For nearly a year after his arrest he was confined in an insane asylum for observation. At the end of that period experts declared him to be sane and he was tried and convicted of the murder.

### NO EXCUSE FOR BEING RUN DOWN.

GLANCE TELLS CONDITION.

Tired Feeling, With Poor Appetite, Means a Debilitated Condition—Spirit of Youth Easily Restored.

There is no excuse for being all "run down." If you feel tired most of the time with a poor appetite and bad digestion, you are debilitated and nature needs some assistance in throwing off this condition.

"Tona Vita," the modern tonic, is a sure means of overcoming this trouble. Many thousands of half sick, listless, nervous men and women, who lacked vitality and energy, have actually been made over by this splendid tonic. "Tona Vita" was only recently introduced in this country, yet the sale of it is now tremendous and still growing. It is certain no medicine could be so successful unless it was accomplishing remarkable results. "Tona Vita" is accomplishing remarkable results. It overcomes nervous debility in a few weeks time, and brings back the old energetic spirit that is lacking.

It brings restful sleep, good digestion, more vitality and drives away the listless, despondent feeling so quickly that it will positively astonish you. Don't drag around half sick any longer. Let Tona Vita build you up and restore your strength and vitality.

There is an agent in every city, who will return the purchase price to you if the tonic fails to completely build you up. Lee's Rhubarb Laxative is the assistant remedy to be used with Tona Vita in cases of chronic constipation. This medicine contains the splendid medicinal virtues of rhubarb, the finest of all natural laxatives. Harsh drugs strain the intestines while rhubarb, equally effective, has a tonic effect on the entire bowel tract.

Lee's Rhubarb Laxative is an ideal family medicine and should be used in preference to any other laxative for children. The taste is very pleasant.

Tona Vita and Lee's Rhubarb Laxative are sold in Jacksonville by Coover & Shreve.

## Points for Mothers

### Baby's Diet.

The majority of babies who die before they are a year old die from gastro-intestinal disease (so called stomach trouble). In nearly every case the cause is an error in feeding, says Edith Lowery.

It is no uncommon sight upon entering a home to see a six-months-old baby being fed potatoes and other vegetables, soft bread and cake and then given a drink of coffee, tea or even beer.

A small baby is unable to digest much except milk, and if the stomach is constantly imposed upon by being forced to take care of these foreign substances it rebels and will not do its work properly. As a result the baby is sick.

Until a baby is a year old it should live almost entirely upon good pure milk. It also requires a moderate amount of water every day. The only addition to the diet should be a teaspoonful of orange juice once a day after it is six months old. The habit practiced by some mothers of taking the baby to the table during the regular meal and giving it a taste of the various articles of food is reprehensible.

After the baby is a year old a little prune juice or pulp of a baked apple may be given once a day. Gradually other articles of food may be added, but these must be such as are easily digested. Meat broths, soft boiled eggs, cereals and baked potato moistened with milk should be the chief things given. At first these should be given only at the noonday meal, but gradually they may be added to other meals. Oatmeal is a good winter food for children. It should not be given in summer, as it is too heating.

The child should be urged to drink plenty of water between meals, but never should be given ice water. No drugs should ever be given except on the advice of a physician. Especially should mothers shun "soothing syrups" as they would poison, for these have caused the deaths of numerous babies.

When a young baby is fed upon cow's milk, this should be from a good dairy. Usually milk from a herd of cattle is better than that from one cow, as it varies less from day to day. Milk from Jersey or Guernsey cattle usually is too rich for babies. Absolute cleanliness in the care of the milk is imperative. Milk must be kept strictly clean and free from all contaminating odors. Bottles and milk pans should be scalded every day with hot water in which a little baking soda has been dissolved. Afterward they should be rinsed with clear water.

If mothers would remember that babies do not "catch" diarrheal and intestinal troubles, but that they eat them or drink them, they would be more careful of baby's food.

### Teach Children to Amuse Themselves.

To teach children to amuse themselves is the duty of every mother. The baby that requires constant dandling, the shaking of a rattle, the walking or rocking, the constant, never ending amusing, will grow into the fractious, nervous child without any resources. Indeed, the very happiest little ones are those who must make a flying rod of a branch, a length of cord and a bent pin, to illustrate. It is in the preparing rather than in the actual performing that a child's pleasure lies, and when deprived of this there is no motive.

Grownups must remember that children enjoy the make believe far more than the reality and manage accordingly. Like what is known as "predigested" food, there is nothing left for the childish energies to accomplish, just as there is nothing left for the natural functions of the physical body to do in the way of digesting.

Books are of course a very great help, but there is always the chance of the little one growing into sedentary habits if too great a love of reading is developed. One of the most intelligent and really intellectual men I know has an only son, a splendid boy, and, while the man is an insatiable reader, he declares that he doesn't care a rap whether the boy ever reads a book through or not if he will only keep his body and soul clean. This is radical, to be sure, but voracious readers, unless cultivating a literary turn, may pay for their taste in too acute sentimentalism and an almost absolute lack of practical knowledge of actual life.

But it is the mothers that are the right ones, the only ones so to train their children that play will be real play—mirthful, full of the childish realization that falls when maturity comes. It is the mothers that must cover their tracks, so to speak, making it appear to the inquiring, innocent, yet hard to deceive children that they themselves are doing the whole thing. So will the little ones grow self-reliant and easy to be interested and amused.

### The Children's Garden.

If you want to please and interest the children plant seeds so that when they grow they will form the initials of their names.

Panicles if planted in circular beds about trees should have enough rich earth pressed around the trees to mound the beds fully a foot above the roots and grass, as they can then get the best from the soil.

## CORNELL WON 'VARSITY RACE'

NOSED OUT VICTORY BY LENGTH AND A HALF.

Twenty Thousand Spectators Cheer As Ithacans Annex Contest With Harvard in Close Second.

Boston, Mass., May 23.—Holding always the master stroke the Cornell 'Varsity crew, three lengths to the good at the finish, watched Harvard win second place from Princeton by ten feet, in an interesting triangular contest this afternoon over a course of 1 7-8 miles in Charles river basin.

Cornell completed her sweep of the basin half an hour later, when the freshmen crew came across the line a full length ahead of the Harvard 1915 crew.

The times of the 'Varsity were: Cornell, 9:26 1-2; Harvard, 9:35; Princeton, 9:36.  
The freshmen race times were: Cornell, 9:59; Harvard, 10:03.  
From the time the 'Varsity crews started until the three shells came rushing through the stiff, choppy sea at the finish, while 20,000 spectators cheered, the lead was always with the Ithacans. The Courtney stroke which never lets a Cornell shell pause, gained continually over the short and hesitating sweep of Harvard and Princeton oarsmen.

With Cornell catching the water first and getting a half length lead in the first ten strokes the race settled down within the first two minutes to a terrific struggle between Harvard and Princeton. The tenacity with which the orange and black oarsmen clung to the crimson was the feature of the contest. At no time could Harvard gain open water over her pursuers. Cornell had open water at the half mile, but Princeton's bow oar was even with Harvard's stroke. Half way down the course Cornell increased her lead to two lengths and with plenty of reserve power left, the Cornell oarsmen watched the fight astern.

At the one and half miles Harvard hit up the stroke in a last effort to shake off the Princeton crew. But the orange and black responded instantly and in the dash to the line gained foot by foot on the crimson, finishing one second after Harvard.

The race was too short to be exhaustive, but there was several inches of water in the low Princeton shell.

## ROWLAND RELEASES THREE.

Dubuque, Iowa, May 23.—Manager Rowland of the Dubuque Three Eye League team of day released unconditionally Catcher Cooper, Pitcher Whiteside and Outfielder Manush.

## MORNING EYE-OPENERS.

The Boston Red Sox have released "Casey" Haggam, the former Denver pitcher, to the Jersey City club.

John Gangel's Rochester champions have come to life and are now making the International league teams behave.

Cheney, the former Louisville pitcher, seems to be the only twirler with the Cubs able to produce winning results.

The United States league got a good start in Pittsburgh, the first game of the season drawing 7,000 spectators.

The Peoria champions of the Three Eye league got away to a bad start this season, losing the first six games.

Manager Frank Shaughnessy of the Fort Wayne team is leading the Central league batters with an average of .468.

Pitcher "Rube" Marquard is tossing the same kind of teasers that won him first place among the National league slab artists last season.

"Spike" Shannon, the former New York-Kansas City outfielder, is now clerking in a Kansas City hotel and declares he is out of baseball for good.

## A FAMILY MATTER

By EVAN B. MCKNIGHT

There's no use in a man's being annoyed with the feminine peculiarities of his wife. The best way for him to do is to get used to them. I suppose the reverse of this is true—that a woman may as well get used to the peculiarities of her husband; but, being a man, I don't know anything about that part of it.

The first thing I noticed about my wife after marriage that I didn't like was that she opened my letters and read them with as much complacency as if they were her own. There was nothing in them to injure me in her estimation, but that didn't make their opening by her any more agreeable to me. When a man has reached middle age without having any one dare to read what belongs to him alone, having from childhood considered such an act highly discreditable, not to say dishonorable, to have his wife do such a thing grates on him terribly.

I hoped that when Lena noticed that I never opened any letter of hers she would refrain from opening mine. When she came down to breakfast later than I and the postman had delivered the morning mail I would have her letters intact. Sometimes she would say "This is from Aunt Clarissa" or "Cousin Sarah or her sister or a brother. 'Why didn't you open it?' whereupon I would say sententiously, "I have never been accustomed to open another person's letters."

But Lena didn't take the hint or any other hint I gave her, just keeping on breaking the seals of my correspondence's epistles till at last I concluded to give her a more marked hint than any I had thus far devised. I wrote a note to myself from a mythical Horace Dunn, telling me in confidence of his engagement to Julia Halley, an intimate friend of my wife. As I expected, Lena opened the letter; but, finding in it a confidence—one which very much interested her—she sealed it up again, saying nothing to me about the matter.

Maybe there wasn't a hot time when Lena congratulated her friend on her engagement. Lena asked me who the second-hand was who had claimed to be engaged to her friend without admitting that she had opened the letter the man had written me and then deceived me by sealing it again. For some time I saw by her demeanor that her matter hushed up and insisted on finding out who the man was who claimed to be engaged to her. Finally, when my wife could withstand the pressure no longer, she made a confession and demanded the required information.

My time had come. I told her that the lady to whom the writer claimed to be engaged was not her friend at all, but another person of the same name. Then I proceeded to give her a lecture on the practice of interfering with any one else's correspondence, even her husband's. "No joking so," I said, "you have caused by a great deal of unnecessary trouble and you left me the sole reader of my letter the error would not have been made."

This had only an irritating effect on my wife, who vowed she would not again touch one of my letters even with a poker and for a time handed me my mail unopened in high indignation. But she soon felt into her old habit.

Instead of accepting the situation, as I should have done, I concluded to lay another trap. I wrote myself another letter which I asked a friend to post in a distant city from another mythical friend of mine, confessing that he had embezzled some money and asking me what under heaven he should do to escape white prison. He added that any one except myself should see his confession; the rule he dreaded would be sure to come.

Lena opened this letter and, finding that she had stumbled upon another secret, made up her mind to resent the letter and this time keep silent on a matter that was of no personal interest to her. But just as she was about to do so there was a smell of smoke from the laundry, and, leaving the note and its envelope side by side on her desk with letters of her own, she ran downstairs to learn if the house was on fire. She found an ineffectual blaze, which with some trouble was put out. Then she went back to her desk and did as she had intended with my letter.

When I came in and found the letter, apparently untouched, I tore it open and took out a letter to my wife from one of her friends containing a confidence I had no right to possess. I handed the note to Lena, demanding to know how a private letter to her had come in an envelope addressed to me.

I shall never forget the frightened look that came over her face. Intending to slip my letter back into its envelope, having been rattled on account of the blaze in the laundry, she had taken up the wrong letter.

I took her in my arms and said to her, "My dear, I find you have again deceived me. But so long as you don't deceive me in any more serious way than this I forgive you. Hereafter open my letters when you like. It is a womanly weakness and in a measure excusable."

From that time I have not cared whether Lena opens my letters or not. But she doesn't. Experience has taught her that it isn't best for her to do so.

## CORN PLANTERS

## The Deere No. 9 Leads the Field

## WHY?

- Because it leads in accuracy—actual accuracy. We demonstrate it.
- Because it leads in perfect checking, independent of speed of team.
- Because it leads in easy operation. Instantly changed from hill to drill. Has spring lift. Automatic feed, perfect fast drop, etc.
- Because it leads in simplicity and strength of construction. Front frame is tied in eight places.
- Because it leads in substitution of malleables in place of common castings at all vital points.
- Because it leads in lightness of draft. No strain on the check wire, hence no side draft.
- Because it leads in ability to successfully plant not only corn, but practically any kind of seed.
- Because it leads in number sold each year—and this number is every year increasing.

Drop in and get a copy of our booklet, "More Corn—and Better Corn." Contains a lot of boiled down, practical seed corn information.

### THE EVOLUTION OF TRAVEL.

New York, May 23.—To demonstrate the evolution of transportation methods, especially in the United States and Canada, is the object of the Travel and Vacation Exhibition, which was opened in the Grand Central palace today under the auspices of the Transportation club of New York. The exhibition, which is the first of its kind ever held in this country, will continue for one week. Many historical relics, originals and models, lent by the navy department, the Smithsonian Institution and numerous steamship and railroad companies are included in the display. The slides used by Pary in his trip to the north pole are to be seen among the exhibits referring to exploration. Another section is devoted to the exhibition of appliances for minimizing accidents in railway and steamship travel.

### STATE NEWS.

The Jacksonville high school recently graduated a class of 33 young men and women.

Arnold Boicken, a 9 year old boy of Joliet, lost his head, ran in front of an automobile and was instantly killed.

Mrs. Susan L. Dana wealthy widow and mine owner of Springfield, was recently married to Lawrence Joergensen, a noted musician of Chicago. They have gone to Denmark, the native land of the groom and on their return will live in the elegant home of the bride in Springfield.

Dr. Howard S. Parker, a retired physician of Edgar, near Danville, recently killed himself accidentally while hunting rats with a shotgun.

James Bell was instantly killed by a C. & A. train at the Maryville crossing near East St. Louis.

Mrs. Theresa Brockmeyer, an aged and highly respected resident of Carlinville, died recently.

Little six year old Francis Walsh of Rockford ran in front of a moving street car and was instantly killed.

Sixty candidates were initiated in the order of Columbus at Carlinville recently.

Battling Nelson, the pugilist, distinguished himself as a fire hero when a school house and six dwellings occupied by Polish families burned in the village of Burnham, near the fighter's home. Nelson assisted several persons out of burning houses and then took full charge of the bucket brigade until the arrival of firemen from Chicago.

So many errors have been made in the extension of taxes in Woodford county that Supervisors Bratt, Wallace and Monahan have been appointed a committee to investigate the matter, says the Chillicothe Enquirer. Among the errors was failure to extend the road and bridge tax in Partidge, also the town tax, an error in the extension of Spring Bay and a half dozen other townships.

Mrs. P. M. Hougham has had an operation without a parallel in the annals of surgery. She had removed a tumor weighing 146 pounds. The surgeons gave her not very much hope of recovery, but she is getting along very nicely.

Mrs. E. H. Lewis, wife of a rural mail carrier at Zealring, was doing some cleaning with a special fluid when it exploded and she was instantly killed.

Illinois' automobile business is growing. With nearly 40,000 licenses issued since the first of the year the record of the six months of last year in which the license law was effective has been surpassed. The number for the six months last year was approximately 38,999.

J. H. Blue has been employed as principal of the public schools of Shawneetown.

Rev. John Horton, an Englishman, is in jail at Joliet charged with a bigamous marriage to Amanda Brenker. He will be kept in durance vile till fall and then permitted to return to England. The officials of the Congregational church at Beecher asked for clemency and it was granted.

Mrs. Minnie Saltzman-Stevens, an Illinois woman who has studied extensively abroad is winning golden opinions among opera goers in the great city of London. The daily papers of the place speak of her work in the highest praise.

Dr. George M. Walker was indicted for murder at Charleston and when the jury was called he was not present because he represented by counsel and the jury was discharged, which lawyers say is equivalent to an acquittal, as he has virtually had his day in court.

Great efforts are being made to secure a reunion of the early students of the state university; those who attended from 1868 to 1872, and quite a good number have signified their intention to be present on the occasion.

Edward Ferguson, a shot firer in the Greenridge coal mine, was instantly killed by an explosion.

Mrs. George Vincent Learned of Seattle, only child of Prof. and Mrs. L. D. Conley of Carlinville, was instantly killed while boarding an excursion steamer with a large crowd of people. The gang plank gave way and a number were precipitated to the water below. Two or three others were killed and a number seriously injured.

The Wabash is installing more and more telephone service in its train dispatching department and with gratifying results. The advantage of the use of the telephone for dispatching and other division work, are that it is quicker, more safe, more reliable, more flexible and makes possible better discipline and co-operation between the dispatcher and operators, as well as providing means of official communication, thus enabling accurate information to be obtained promptly in case of emergency; consequently, closer supervision is possible.

Monocrooks have been passing counterfeit bills in Edwardsville and elsewhere. The bills are said to have been raised from one to twenty dollar bills or gold certificates and the paper colored to look like the genuine. Detectives are after the evil doers, but have not yet caught any of them.

Another interesting affinity case is up in Kane county. Dr. O. A. Chappe secured a divorce from his first wife on the charge of desertion and married his affinity, Mrs. Alice Best, widow of a wealthy magnate. Wife number one has brought suit against number two for alienation of the husband's affections and now the gentleman stands a good chance of going up for perjury, as the friend of wife number one says the charges of desertion were wholly groundless.

### LURSTON-FRANCIS WEDDING.

Tracy, N. Y., May 23.—The wedding of Miss Harriet Francis, daughter of the late Charles S. Francis, who was the American ambassador to Australia, and Marshall Hurst Lurston of Syracuse, took place today at Washington park, the home of the bride's mother, in this city.

## Cookery Points

### Fried Chicken.

Fried spring chicken is a favorite treat. Do not neglect the gravy, which to many is the best feature of the entire dish. To fry the chicken cut a small chicken in four or six pieces, dip each piece lastly in cold water, then sprinkle with salt and pepper and roll the pieces in plenty of flour. Have some sweet hard heated very hot in a frying pan and fry the chicken until each piece is of a rich brown hue on both sides. Take up, drain well and arrange the pieces on a warm platter, setting the dish in a hot place to keep the meat from cooling while the gravy is being made. Pour out of the pan all but a tablespoonful of the fat and stir into the pan one cupful of milk. When the liquid is hot and well stirred thicken to a rich cream with one tablespoonful of flour rubbed in smooth and one tablespoonful of butter. Boil two or three minutes, stirring constantly. Season with salt and pepper. A little chopped parsley is often added to the gravy. Butter if here used in place of lard is difficult to manage, as it burns so easily.

### Cheese Patties.

This makes a good luncheon dish when meat is not served. Cut out some rounds of bread about two inches in thickness and with a small cutter take out the middle, making a little tartlet case. Fry in fat both the case and the piece removed (which is to form the lid) until a golden brown and drain on paper, or brush the cases with melted butter and brown in the oven. At serving time fill the cases with the following mixture: Boil half a cupful of water and two teaspoonfuls of butter together and add to it four ounces of grated cheese, and season with a pinch of cayenne pepper. Stand the saucepan in boiling water and stir in the beaten yolk of an egg and half a cupful of fine breadcrumbs. Reheat and fill the bread cases and serve hot.

### Stewed Rhubarb With Lemon.

Choose tender stalks of rhubarb, trim and remove any tough portions of skin. Do not scrape away the delicate red, as it adds to the appearance of the finished dish. Cut the stalks into pieces an inch long, cover with water and stew until tender with a couple of slices of lemon. Add sugar to taste, heat to the boiling point and chill before serving. Some prefer to add a few seeded raisins with the slices of lemon, and for those who like this fruit the combination can be recommended. Rhubarb is really a spring medicine and is invaluable at this season of the year.

### Scalloped Parsnips.

Scrape four large parsnips and boil until tender, then cut into cubes; make a sauce with a cup of milk, a level tablespoonful of butter and same of flour; season to taste with flour and salt and dash of cayenne or nutmeg; turn the parsnips into the sauce, then put a layer into a buttered baking dish on top of a layer of bread crumbs; add a sprinkling of minced onion and parsley, then more crumbs, parsnips, etc., until the dish is full, having the top covered with sauce and buttered crumbs; bake for half an hour and serve hot with boiled fish.

### Dandelion Salad.

Rub a salad bowl with a cut piece of garlic, then a leek cut into thin rings and season with salt, pepper and a dash of mustard and mix with a tablespoonful of vinegar. Next blend with olive oil, cut a hard cooked egg into rings and add to the dressing. Put the dandelion leaves, previously washed and drained, with the above and toss together with fork and spoon. It is said that no other salad has more medicinal value than this. It is a fine tonic for the blood in the spring.

### Asparagus Tips Salad.

Twelve tender asparagus tips (canned may be used), one firm tomato, one pimento, one head of lettuce. The asparagus in bundles of three and cook in boiling salted water until tender. Remove the string and arrange on crisp lettuce on individual plates. Cut the tomato into four rings and slip a bundle of the cooked asparagus through each ring, place on lettuce and sprinkle bits of finely chopped pimento over the whole. Serve with French dressing.

### Custard.

One pint milk, large; two eggs, one cup of sugar, small; one teaspoonful vanilla, one-half cup of butter, two tablespoonfuls cornstarch. Dissolve the cornstarch in a little of the milk; heat the rest of the milk; when boiling add the sugar, cornstarch and beaten eggs, stirring briskly; add the butter, stir till dissolved, flavor and spread on the cakes while hot. This can be used as a pudding by pouring over each piece a spoonful of the custard that is left.

### Glazed Sweet Potatoes.

Four sweet potatoes, one quart boiling water, one cupful sugar and a half cupful water will be needed for this recipe. Wash the sweet potatoes and cook ten minutes in boiling water, drain, pare and cut in lengthwise slices. Place in a buttered baking dish, cover with sirup made by boiling sugar and water together. Cover the baking dish and bake until tender.

### BRICK ROADS FOR 20c PER ACRE

Newman Township, Douglas County, Has Built at That Price.

In Newman township, Douglas county, the cost figured for the building of hard roads is not in the least alarming. Nobody there now fears that building of hard roads will bankrupt the community, much less the land owners. They have built four and a half miles of hard roads in that township, built the most expensive sort we know in Illinois, brick pavement, and they have found that the cost to the land is only 20c an acre a year. The man with 160 acres pays \$32 hard road tax on his land and the owner of a section pays \$128.

Stated in that way the building of even brick roads does not look as if it ought to be a great hardship upon anybody, says an exchange from that vicinity.

This is four cents an acre higher than the estimate down in Madison

county, but the difference is largely due to the fact that the project around Edwardsville contemplates Macadam roads and in this case they are paving with brick.

### PIMPLY? WELL, DON'T BE!

People Notice It—Drive Them Off With Olive Tablets.

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The pimples will vanish after you have taken the tablets a few nights. Nothing ever cleansed the blood, the bowels and the liver like Olive Tablets.

Olive Tablets are the only successful substitute for calomel; there's never any sickness or pain after taking them.

Olive Tablets do all that calomel does and just as effectively, but the action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with a dark brown "taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are made of pure vegetable compounds mixed with olive oil.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints and Olive Tablets are the immensely effective result.

Try them. Take one nightly for a week. Then look at yourself in the glass and see how you feel. "Every Little Olive Tablet has a movement of its own."

10c and 25c per box. The Olive Tablet Co. of Columbus, Ohio Dr. F. M. Edwards, President.

## IS WANTED ON CHARGE OF MURDER

Police Notified to Arrest Lee Blue of This City Who is Wanted in Springfield For Killing Wiet Frazier.

Lee Blue, (colored), who resides on Hooker street, is wanted in Springfield on a charge of murder. About two weeks ago, according to reports, Blue got into an altercation with Wiet Frazier in a rooming house on Eleventh and Monroe streets, Springfield, about two weeks ago. Frazier claims he was hardly beat up by Blue who kicked him until he fell and then stepped on his head. As the result of the melee Frazier was taken to his home in a serious condition and later removed to St. John's hospital where he died Thursday afternoon.

At the time of the alleged fight Blue returned to Jacksonville and a warrant was sworn out by the Springfield officers for his arrest, on a charge of assault and battery. Blue stated that he would plead guilty and if it was not necessary for him to go over to Springfield, he would stand for the amount of his fine and send it over, which was done.

The death of Mr. Frazier last evening, put a very serious phase to the matter and Sheriff Rogers and Chief of Police Davis were notified to be on the lookout for Blue and arrest him. The officers made a diligent search for their man last night and prior to receiving the message, one of the officers had seen Blue earlier in the evening, up town. The police believe they will be able to locate their party before many hours.

Blue is well known in Jacksonville being born and reared here and as far as known this is his first entrance into police circles. He has been in the employ of William Nunes who went his bonded at the time he was first arrested. He is about 22 years of age.

**ATTENTION R. & S. MASTERS.**  
There will be a regular meeting of Jacksonville Council, No. 5, to night at 7:30 o'clock. Please be present.

## HELD MISSIONARY JUBILEE RALLY

State Officers of C. W. B. M. Furnish Program at Lynnvill Christian Church.

The large numbers who attended the jubilee missionary rally held at the Lynnvill Christian church Thursday showed a lively interest in the work and much benefit was derived from the excellent addresses given at the session. The Lynnvill ladies, under whose auspices the rally was held invited those interested in missionary work from the Central Church of this city, Woodson, Chapin and a number of other towns, and about twenty-five from this city attended. All of the state officers of the C. W. B. M. were present and at the morning session addresses were made by Mrs. Carrie Zellner of Petersburg, state president; Miss Laura B. Thompson of Carthage, secretary; Miss Effie Gaddis of Griggsville, children's superintendent; Lynnvill, state treasurer. Their addresses dealt with the work of the woman's missionary societies and contained a great amount of useful information.

At the afternoon session Rev. W. S. Phillips of this city gave a very interesting address on the woman's missionary work in the Methodist churches. Excellent music was furnished by a quartet from Chapin and two young ladies from Woodson gave several vocal selections. One of the most interesting numbers on the program was a quiz conducted by Miss Thompson. At noon the ladies of the auxiliary of the Lynnvill Christian church served an excellent dinner in the hall near the church, which was greatly enjoyed.

## DEATHS AND FUNERALS

**Kilian.**  
Impressive funeral services for Joseph Kilian were conducted at 9 o'clock Thursday morning from the Church of Our Savior in the presence of a large number of relatives and friends. Rev. Father Fornaz said solemn high mass and Rev. Father Crowe preached a forceful sermon on "Faith" and spoke most fittingly of the deceased as a man and a Christian.

Burial was in Calvary cemetery and the services at the grave were in charge of Rev. Father O'Donnell. The bearers were Charles Degen, John Mallen, Daniel Bahan, Sr., A. W. Becker, John Noonan and Albert Gebert.

**Washington.**  
The funeral services of George Richards Washington were conducted Thursday afternoon at 2:30 o'clock from the Bethel A. M. E. church in charge of Rev. J. W. Shaw. Music was furnished by the church choir and the flowers were cared for by Mrs. Mary Read, Misses Henrietta Ramey, Cecil Porter, Leather Brinkman and Ruth Dameron.

Interment was made in Jacksonville cemetery and the bearers were Leonard McPike, Elmer Jones, Fred Wagner, Oscar Weir, Russell Gordon and Thomas Wagner.

**Campbell.**  
Friends in Virginia have received word of the death of Capt. James Gray Campbell, who passed away recently at his home in Bakersfield, Calif. Capt. Campbell was born in Edinburg, Scotland, February 24, 1828 and came to Cass county, Illinois in 1840. For many years he was identified with the progress of Virginia and was appointed postmaster at the place in Abraham Lincoln, but turned the position over to his brother, as deputy, in order to go to the front in the Civil war. He served with distinction in that conflict, his command taking a leading part among the union forces. After the Civil war he returned to Virginia and later removed to Muskegon, Mich. where he became famous as a jurist and editor. He is survived by his third wife and descendants to the fifth generation.

**Valentine.**  
The funeral services of Robert Valentine were conducted last Monday at Mt. Sterling and interment was made in the Catholic cemetery of that place.

Mr. Valentine was born in Belfast, Ireland, Feb. 20, 1825, and came to this country in 1849. He was married to Miss Catherine Rordan in St. Louis, October 28, 1856, and they moved to Mt. Sterling in 1867. A year later they moved to Winchester, Scott county and resided there until 1902, when the family went to Lyons, Iowa, where Mrs. Valentine died in 1909. Later Mr. Valentine went to Butte, Mont., where his son lived, but on account of his health he moved back to Scott county recently.

He is survived by three sons, Robert of Butte, Mont., Joseph and John P. Valentine of Winchester, also two daughters, Mrs. William A. Moore and Miss Mary Valentine of Scott county.

**ATTENTION R. & S. MASTERS.**  
Stated assembly of Jacksonville Council No. 5 tonight at 7:30 p. m. Business of importance. All companions requested to come.

## SECURE ELEVATOR BUILDING SITE

Reese Farmers' Elevator Co. to Erect \$6,500 Structure on C. & A. Property.

A meeting of the directors of the Reese Farmers' Elevator company and Mr. Mann of Springfield, an official of the Chicago & Alton Railway company, was held Wednesday, at which time the question of a site for the company's new elevator building was discussed. This company was organized recently by about seventy farmers in the vicinity of Reese station on the Chicago & Alton Murrayville cut-off and the directors of the company expect to let a contract for a \$6,500 elevator building as soon as they secure a lease for the site, just east of the Beggs & Lewis elevator, at Reese station. The building will have a capacity of 15,000 bushels and will be a strictly modern structure.

The directors of the company are: Richard Wood, James E. Rawlings, Thomas Oxley, Harry Ransdell, Hugh McDevitt, Samuel Darley, William Alford, Dennis Whalen and H. E. Scott.

The officers are:  
President—Richard Wood.  
Vice president—Hugh McDevitt.  
Secretary-treasurer—Dennis Whalen.

## CONCORD WOMAN DIES FROM BURNS

Mrs. Joseph Hedrick Was Engaged in Canning Fruit When Clothing Caught Fire From Gasoline Stove—Passed Away Few Hours Later.

Mrs. Joseph Hedrick, who resides north of Concord, while engaged in canning fruit Thursday afternoon, received burns from which she died a few hours later. The apron, which Mrs. Hedrick was wearing, was blown into the flame of the gasoline stove and in an instant her entire clothing was on fire. There was no one in the house with the woman at the time with the exception of her 2½ year old baby, and the first to give her assistance was her husband, who was working in a field near by and heard her screams. By the time Mr. Hedrick reached the house, however, his wife was badly burned and all he could do was to try to alleviate her sufferings. Dr. F. M. Roberts of Chapin was called and brought the woman at once to Passavant hospital, this city. There she died at 9:20 last night.

Mr. and Mrs. Hedrick reside on the farm of William Zahn, north of Concord, where Mr. Hedrick is employed as a farm hand. The accident came as a great shock to the husband and he has the sincere sympathy of a wide circle of friends in the death of his wife. The maiden name of Mrs. Hedrick was Rena Stump and she was married to Mr. Hedrick about six years ago. The husband, one son, Ralph, 2½ years old, a brother and sister survive.

Coroner Skinner will hold an inquest to day.

## DIRECTORS OF Y. M. C. A. CONFER

Plan Is Under Way for Securing Necessary Aid for Association.

The Y. M. C. A. directors held another meeting Thursday evening for the purpose of discussing the local situation and to plan means for securing the necessary aid. The directors, as is well known, have decided that the Y. M. C. A. will close June 1 unless the money necessary for completing this year's work is provided for immediately. Since this action was taken recently no specific method has been taken to secure the money. The majority of the citizens of the community wish the institution continued and would regret to very much should it be necessary to close. Since this has been brought to their notice they have signified their willingness to double their aid and ever more. A plan is under way for the securing of the necessary aid and a meeting of the directors will be held with a number of the business men, who have the work at heart, next Monday evening at the Y. M. C. A. building. Everybody who wishes the Y. M. C. A. God speed is invited to be present. There will be no soliciting at this meeting. Some of the local lodges have signified that they would like to buy the Y. M. C. A. building, but it is not for sale.

## GIVEN HAPPY SURPRISE.

The members of Floy Chapter No. 566, O. E. S., drove to the home of James Hamilton, near Naples, Monday and gave Miss Laura Hamilton a surprise. Miss Laura was worthy matron of the chapter for several years, and the members concluded this the opportune time to show her their appreciation of her efforts. There were 24 present and refreshments consisting of ice cream and cake were served. The surprise was complete as Miss Laura was in no wise apprised of the coming. She received several very nice presents as mementos of the occasion. She expressed her deep appreciation for the thoughtfulness of the chapter and will long remember this pleasant evening.—Bluffs Times.

## CONSTRUCTING LARGE ELEVATOR.

The Winchester Farmer's Elevator and Mercantile company are building the elevator to completion. It will be 36x36 feet with side walls 55 feet high and a capacity of 45,000 bushels of grain. When completed it will be 80 feet high, by far the tallest building in Winchester. It is being substantially built on the most modern lines, will be covered with iron and equipped to handle grain in the most up to date manner.

**THE WEATHER.**

## Only 50 Women Can Join The Hoosier Cabinet Club for \$1.00

After you study the above picture you will not wonder that women are anxious to join the Hoosier club, when by so doing they have a Hoosier Cabinet delivered to their homes on payment of only \$1.00.

Think of the hundreds of needless steps every woman you know could save by having her table, pantry and cupboard, with all her tools and supplies centered in one spot.

Your energy instead of being wasted is saved and the time spent in your kitchen—the least pleasant part of your work—is reduced by one-half, the moment this famous Hoosier Cabinet comes into your home.

The Hoosier company sends its 2,000 agents a limited number of Hoosier Cabinets each year to be sold under direct supervision of the factory on the famous Hoosier Club Plan.

This year most cities received only 25 cabinets. Our urgent request secured us 50 of these cabinets for the ladies of Jacksonville.

Only 50 women, therefore, can join the club and have a Hoosier Cabinet delivered immediately on payment of \$1.00, balance in a few weekly payments of \$1.00. Many already have enrolled.

The Club Plan differs radically from the installment plan which often is linked with high prices and unknown goods. The low price of the Hoosier Cabinet is fixed everywhere by the factory. No Hoosier agent can sell for less or more on any terms.

So club members get a great benefit from the liberal club terms. 722 club probably will be filled very quickly. Those who want Hoosier Cabinets should enroll their names at once.

## SOCIAL EVENTS.

Mrs. George S. Gay, Mrs. Harold Gay and Mrs. W. L. Pay entertained at cards Thursday afternoon at the Pay home on West State street. The appointments for the occasion were charmingly made and the hours from 2:30 to 6 were pleasantly spent at six-hand euchre. In the parlor the decorations were in pink, roses and peonies being used with pretty effect, while in the library red was the prevailing color. In the dining room large yellow roses were attractively arranged. The table decorations and the serving were in charge of Vickery & Merrigan. The ice cream was served in molds of baskets, which were filled with rich, red strawberries capped with whipped cream. The bonbons were of fresh California cherries and were served with almonds in basket shaped cases. In the decorations of the table a color scheme of yellow was carried out, and the manner of serving was elegant in every detail.

The guests numbered about one hundred, the following being present from out of the city: Mrs. Louis Petefish, Mrs. Harry Downing, Mrs. Lee Skiles and Mrs. R. Lancaster of Virginia, Mrs. Arthur French of Chaplin, Mrs. Charles Joy of Joy Prairie, Miss Schriver of Pittsfield, Mrs. George Searlock of Evanston, Miss Flora Smith of California, Mrs. Thompson of Lincoln, Miss Raber of Mexico City and Mrs. Owen McPherson of Kansas City.

A most delightful social event took place Thursday afternoon at the home of Mrs. E. M. Tindale, in honor of Miss Abbie M. Palmer, who is to be married soon to Mr. W. P. Spillman of this city. The afternoon was spent in hemstitching and embroiderying linen for the bride-to-be. Another

entertaining feature was a guessing contest. Miss Eleanor Moore winning first prize. In a drawing for second place, Mrs. H. L. Couchman won the prize. The guest of honor received a handsome cream and sugar set. A color scheme of pink and white was beautifully used in both decorations and refreshments, the latter being served in a unique manner. The guests were Mrs. Elizabeth Arnold, Mrs. J. G. Strawn, Mrs. Louis Friar, Mrs. Welborn, Mrs. Sue Sheppard, Mrs. H. L. Couchman, Mrs. F. E. Drury, Misses Abbie Palmer, Mauda Richardson, Carrie Luken, Eleanor Moore, Florence Cox, Blanche Cunningham and Hazel Strawn.

The party, which was given Thursday afternoon at the home of Mrs. W. R. Moody of South Main street for the ladies of the South Side, was largely attended and the afternoon was one of great pleasure. Miss Minnie Alkire gave several excellent readings. Miss Joy White, with Miss Moss Carter as accompanist, sang two pleasing solos and Rev. H. S. Alkire read a German letter in a very entertaining manner. The refreshments, which were delicious, were served by Miss Mabel Schofield, Robertine Angelo, Margaret Becker, Catherine Milburn and Ina Kelly and Miss Griffin of Chaplin. Butterless, milkless and eggless cake was served and recipes for this excellent cake were sold to a number of ladies present. An offering was received at the door and a neat sum was realized.

Miss Dorothy Hains further recently gave a silk hostess shower at her home in Winchester for Miss Laura Gunn, who will soon become one of the season's brides. Miss Gunn is science teacher in the Winchester high school and the guests included members of the graduating class. The contest cards for games of hearts were unique and artistic and

the house decorations of yellow and white were tasteful and complete. The happy hits and merry jests were fully appreciated by all present.

## FATALLY INJURED

**WILLIAM EMERSON OF SINCLAIR, HURT IN RUNAWAY, DIES.**

Young Man Was Thrown From Cart When Team Became Frantic—Concussion of Brain Caused Death Last Night—Coroner Holds Inquest.

John William Emerson, a farm hand employed by Carl Haneline near Sinclair, was thrown from a cart Thursday morning while driving a team of horses and received injuries from which he died at 5:20 o'clock yesterday afternoon.

About 7 o'clock Thursday morning Mr. Emerson hitched a team belonging to Mr. Haneline to a cart constructed of the two hind wheels of a wagon, which was used for breaking colts. One of the horses was 3 years old and had been driven but a few weeks before. After he had hitched the team up, Mr. Emerson started to drive them to a hitch rack nearby and had not gone far when the team began to run. The driver was thrown heavily into the road upon his head and shoulders, receiving concussion of the brain and internal injuries. He also sustained a fracture of the jaw bone.

Never Regained Consciousness. The injured man was carried into the house by Mr. Haneline, J. H. Hodgson and A. A. McNeal, who went at once to his assistance, and Dr. Lyons of Ashland was called. The young man never regained consciousness and passed away at the hour above stated.

Coroner G. V. Skinner was notified and went last evening to the Haneline home, where he conducted an inquest with the following jury: T. S. Brown, foreman, I. N. Moss, R. L. Stewart, John W. Parrott, J. Stockton and Ernest L. Stainforth, clerk. The verdict was that Mr. Emerson came to his death by concussion of the brain caused by being thrown from a wagon during a runaway.

Accident Seen By Neighbors. The first witness was Joseph H. Hodgson, who resides near the Haneline place. He said:

"About 9 o'clock this morning I was in the field when I heard a team running and heard someone shouting to the horses. I went about one-half of the way from where I was to the road and then finally went to the road and tried to stop the team. I saw that the boy was not in the cart and then went down the road to see where he was. I went to the top of the hill and saw him lying in the middle of the road. I went to his side, tried to raise him up and to ascertain whether he was conscious or not. I then went to the top of the hill and motioned for Mr. Haneline to hurry up. About this time A. A. McNeal also arrived and we tried several times to arouse him but failed. A conveyance then came and we loaded him in and took him to Mr. Haneline's home."

Mr. Haneline and Mr. McNeal testified substantially to the same facts.

Parents Reside at Oakford. John William Emerson was twenty years old last April. His parents, Mr. and Mrs. William Emerson, reside at Oakford, and he had been working on the Haneline farm for the past six weeks. He was a young man of industrious habits and was held in high esteem by his employer and all with whom he associated. Besides the parents he is survived by one brother, residing also at Oakford.

The remains will be taken to Oakford this afternoon at 1 o'clock over the C. & A. Funeral arrangements have not been made.
